

EXPERIENCE

< > Kris Elyse Designs LLC UX Researcher, Designer & Front-End Developer

June 2022 - Present

Photo Editing | Graphic Design | UX Research & Design | Front End Development

- Collaborate with clients to understand project requirements and objectives.
- Design and implemented UI/UX solutions using Figma and WebFlow, ensuring visually appealing and user-friendly websites.
- Integrate Figma designs into WebFlow projects, maintaining design consistency and brand identity.
- Conduct user research and gather insights to inform design decisions and enhance user experiences.
- Create wireframes and prototypes to visualize design concepts and obtain client feedback.
- Maintain up-to-date knowledge of design trends, industry best practices, and emerging technologies.

< > Blue Bonnet Trails Crisis Case Worker (And pro-bono UX Engineer!)

Jan 2020 - June 2022

JS | CSS | HTML | Design | User Interviews | Usability Studies | Product Development

I made super woman's job easier! I designed, developed, tested and maintained a locally run single page application (SPA), which securely automates a tedious part of the Crisis Diversion Center's intake process.

🔗 AESA Prep Academy UX Researcher, Designer & Developer

May - Sept 2022

HTML/CSS | Bootstrap | Brightspace Learning Platform | WCAG AA Success Criteria | Adobe Photoshop & Illustrator | Usability Testing

- Designed & developed reusable components with HTML/CSS for online learning platform.
- Led accessibility and usability workshops for teachers.
- Evangelized UI/UX and accessibility best practices.
- Provided usability testing, troubleshooting, and modifications throughout implementation.

🔗 Emporium of Melodies Graphic Designer

Spring 2022 - Present

Adobe Photoshop | Color Theory | Graphic Design | Adobe Illustrator

Collaborate with business owner to create shared & marketable vision & create album art.

< > Freelance Project Wedding Photo Editor

Winter 2020 - Spring 2020

Adobe Suites | Adobe Photoshop | Color Correction | Client Relationship Management

- Applied advanced retouching techniques to refine and enhance eyebrows, achieving precise and polished results.
- Employed advanced graphic design skills to enhance overall photo aesthetics.
- Managed client relationships through effective communication and consultation.
- Collaborated closely with clients to understand preferences and ensure satisfaction.
- Maintained project timelines and delivered high-quality edited photos.

< > Dylan RMC (Freelance) UX Researcher, Designer, and Developer

Fall 2021 - Winter 2022

JavaScript | CSS | Adobe Photoshop | CSS | Graphic Design

Transformed client priorities to responsive and interactive portfolio site for artist, Dylan Rhon McMahon.

Prior to tech, I spent almost a decade working in crisis management & homelessness services. Ask me about it!
